LB 294  
LR 93, 99, 100

United States are now down to the point where they are going to have very little collateral left by late summer or fall. So it truly is time for the system to be getting some form of aid. And, if you will notice, we did not necessarily say financial. There are many things that can be done in terms of accounting principles and other ways to...to help shore the system up. The Farm Bureau has discussed many ways that they could help the system, offer a list of many suggestions to help the system and I would suggest there are going to be other ways in addition to possible financial help. But I would submit to you that now is the time to get this aid and to get it moving and that endorsement such as this from the Nebraska Legislature, in addition to South Dakota, who has already done some, and other surrounding states are working on it, I think this would be appropriate to pass this resolution.

PRESIDENT: Thank you. The question is the adoption of the resolution. All in favor vote aye, opposed nay. Have you all voted? Record, Mr. Clerk, please.

CLERK: 29 ayes, 0 nays, Mr. President, on adoption of the resolution.

PRESIDENT: The resolution is adopted. We will move on to special order, LB 775.

CLERK: May I read some things?

PRESIDENT: Yes, would you like to read some things in first, Mr. Clerk?

CLERK: Mr. President, I would, thank you.

PRESIDENT: All right.

CLERK: New resolutions. Mr. President, LR 99 by Senator Wehrbein. (Read explanation. See page 1903 of the Legislative Journal.) LR 100 by Senator Wehrbein. (Read explanation. See pages 1903-04 of the Legislative Journal.) Both of those will be laid over, Mr. President.

Mr. President, Revenue Committee offers 294 to General File with committee amendments attached. Signed by Senator Johnson as Chair. (See pages 1904-05 of the Legislative Journal.)

That is all that I have, Mr. President.
